Rotary Leadership Institute ... Not just for leaders!

The Rotary Leadership Institute is a training program established to improve your knowledge of Rotary and build the confidence that you will have the skills to potentially be future leaders of Rotary.

Who Should Attend? This workshop is perfect for any Rotarian, particularly new Rotarians, who want to learn more about the larger world of Rotary. All members gain a deeper understanding of how their club fits into the larger District and International picture. The seminars are not just designed to make you a part of the leadership chain for your club, but to give you a broader understanding of Rotary, to expose you to different methodologies and strategies that are used by other clubs, and to offer you a way to develop a broader range of Rotary friendships and networks.

How Would My Club Benefit? It is said that knowledge is power. Attending RLI increases your knowledge. It also increases your awareness of the big picture of Rotary beyond your club. Successful leadership leads to successful clubs. This is an outstanding opportunity for every club to be exposed to exemplary leadership training that can increase the creative thinking process within the club's development. The exchange of ideas with other experienced Rotarians will be invaluable.

What Do Past Participants Say Was Most Valuable? "The interaction with other Rotarians" "Learned so much about the bones of Rotary" "The specifics about RI were so helpful" "Great ideas for building membership"

Why Do We Need a Leadership Institute? Rotary has and continues to suffer from the fact that so many folks have little to no knowledge about what Rotary is and what it does throughout the world. Rotary also needs a constant influx of leadership as club officers, etc. change every year. It is difficult at the club level to learn enough about the exciting world of Rotary. Furthermore, leadership skills in a voluntary organization are often different from business leadership skills. It is important that club members have every opportunity for education because the success or failure of our clubs depends in large part on the quality of their leaders.
