Polio Eradication Rotary is close to eliminating the second human disease in history after smallpox, with a 99.9 percent reduction in polio cases worldwide since 1985, when Rotary launched its **PolioPlus** program. In 1988, Rotary spearheaded the creation of the **Global Polio Eradication Initiative** with the **World Health Organization, UNICEF** and the **U.S. Centers for Disease Control and Prevention**. Polio eradication remains Rotary's top priority. To date, Rotary has contributed more than US\$1.7 billion and countless volunteer hours to help immunize more than two billion children against polio in 122 countries. Rotary will raise \$50 million per year over the next three years, with every dollar to be matched with two additional dollars from the **Bill & Melinda Gates Foundation**.
