In Other News...

All District 7680 Members

Periodically our district's various Governance Documents are updated, and placed in DACdb (under Files, then Governance Documents) for access by all District 7680 members. This past Rotary year we updated and added more than normal, so we thought it appropriate to email these documents, as well as placing into DACdb.

Additionally, we have placed these Governance Documents on the district website (under Our District, then Governance Documents).

Please note, this is a new District website, hosted by DACdb. Thanks to DGN Mike Walker for his efforts the past few months updating this template website.

Sincerely,
iPDG Scott
